

April 7, 1964

My dear Sid -

I am sending you the monthly statement from Merrill Lynch. You can have it sent to you or if you prefer I can still get it and keep it for you.

I looked in the safety deposit box last week and you have 3 insurance policies plus 1 share of Preferred Life Insurance stock. I don't know whether Houston mentioned that or not.

As yet the state hasn't released anything, I think they are still figuring the value of the Coal Co. stock in Lee County. I plan to go to Jonesville tomorrow for a few days, if I make the trip alone alright I will go on to Rosalie's in Hickory N.C. and be away about two weeks. I went to the 17th Anniversary celebration at the Narcotie

farm Sunday. It was always in  
Houston's honor and was a memorial  
to him this time. I did not weep  
and I believe Houston would have  
been pleased at my composure.

I had a place of Honor by the  
Doctors (staff) and they, the  
Chaplain + the patients were most  
kind - the gist of all the remarks  
~~was~~ that he still lived in the  
lines of the many he had helped.

My friends say I'm better  
and I am more composed in  
public but when I'm alone  
grief takes over and I seem to  
have more uncontrollable weeping  
spells, which is one reason why  
I want to stay awhile with  
my sister. The weather has been  
unusually cold - snow and a  
blizzard Easter Sunday. Toots called  
Sunday night - He is all right.

Hope you + Carol + Alex are fine  
- and are learning the language.  
Frances Page graduates at Darcy  
Washington in June.

Write when you have time.

Saluda Joyce has  
a daughter - (She is  
Laura's child) Katherine
