of the respective journals in which the articles thus marked appeared.

TI: Narcotics anonymous: Its history, structure, and approach.

AU: Peyrot, -Mark

IN: U Kentucky Coll of Medicine, Lexington

JN: International-Journal-of-the-Addictions; 1985 Oct Vol 20(10) 1509-1522

AB: Discusses the history, structure, philosophy, and activities of the Narcotics Anonymous (NA) fellowship based on interviews with members, a survey of the NA literature, and observation at the residential therapeutic community using the NA approach. The latter data provide a means of analyzing the relationship between NA and those implementing its program. Suggestions for research are advanced in recognition of NA as both an underground social movement and a major treatment modality for drug abusers.
