Dear Sirs:

Let this letter serve to introduce me. I am from Philadelphia, Pa. I have been around N.A. since 1971 when it began in Phila., and have been in the program (sober, clean) since June 1974. I have visited Iceland four times on Holiday since 1974. I first brought N.A. literature on my first trip here and on subsequent visits. However no one ever started a group. I moved to Iceland (to work) about one and a half months ago. With an Englishman Graham S and myself we formed a group. Tonight was our first meeting, and to our surprise a total of twelve people attended. There is a great need for N.A. in Iceland. Although it is an English speaking meeting Graham and myself hope, in a matter of time, the Icelanders ^{will} start a meeting in Icelandic. Below are all the particulars about the meeting and the names of those at the first meeting for the N.A. archives. Please acknowledge receipt of this letter.

Sincerely
J. H. W.
