Dear Sir,

RE: ATTENDANCE OF MID- ATLANTIC REGIONAL LEARNING
CONFERENCE IN FEBRUARY 24, 25, 26 1989

Thank you very much for the communication which I have received from you. I have learnt that it was not possible for us to attend the conference this year and that it could be possible next year in February. Please, do what you can so that we attend the conference in February 1989.

Right now we are busy convincing as many drug addicts as possible. The only problem which we have is lack of a centre where we could organize some workshops. We have a piece of land for the workshop but we do not have money for constructing buildings. Another setback has been means of transport. We normally have transport problems while visiting other churches. Therefore we are requesting for a small car which can alleviate the problem to us.

We have learnt that you sent to us a few things which are still remaining in the customs office in Kisumu. Please we still have some problems in getting money to pay custom dues. Next time help us meet the custom Tax. In case you are to send to us something please use the name of the Chairman only because it has been difficult to get the other fellow who lives a distance away.

Yours faithfully,

SILVANUS MIJIMBE YAWO
