WHO IS AN ADDICT?

Most of us do not have to think twice about this question. WE KNOW. Our whole life and thinking is centered in drugs in one form or another, the getting and using and finding ways and means to get more. We use to live and live to use. Very simply an addict is a man or woman whose life is controlled by drugs. We are people in the grip of a continuing and progressive illness whose ends are always the same: jails, institutions and death.

WHAT IS THE NARCOTICS ANONYMOUS PROGRAM?

N.A. is a non-profit fellowship or society of men and women for whom drugs had become a major problem. We are recovered addicts who meet regularly to help each other to stay clean. This is a program of complete abstinence from all drugs. There is only "One" requirement for membership, the honest desire to stop using. There are no musts in N.A. but we suggest that you keep an open mind and give yourself a break. Our program is a set of principles, written so simply, that we can follow them in our daily lives. The most important thing about them is that "They Work."

There are no strings attached to N.A. We are not affiliated with any other organizations, we have no leaders, no initiation fees or dues, no pledges to sign, no promises to make to anyone. We are not connected with any political, religious or law enforcement groups, and are under no surveillance at any time. Anyone may join us regardless of age, race, color, creed, religion or lack of religion.

We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help. The newcomer is the most important person at any meeting, because we can only keep what we have by giving it away. We have learned from our group experience that those who keep coming to our meetings regularly stay clean.

HOW IT WORKS

If you want what we have to offer, and are willing to make the effort to get it, then you are ready to take certain steps. These are suggested only, but they are the principles that made our recovery possible.

1. We admitted that we were powerless over our addiction, that our lives had become unmanageable.
2. We came to believe that a power greater than ourselves could restore us to sanity.
3. We made a decision to turn our will and our lives over to the care of God as we understood Him.
4. We made a searching and fearless moral inventory of ourselves.
5. We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. We were entirely ready to have God remove all these defects of character.
7. We humbly asked Him to remove our shortcomings.
8. We made a list of all persons we had harmed, and became willing to make amends to them all.
9. We made direct amends to such people wherever possible, except when to do so would injure them or others.
10. We continued to take personal inventory, and when we were wrong promptly admitted it.
11. We sought through prayer and meditation to improve our conscious contact with God, as we understood Him, praying only for knowledge of His will for us, and the power to carry that out.
12. Having had a spiritual awakening as a result of those steps, we tried to carry this message to addicts and to practice these principles in all our affairs.

This sounds like a big order, and we can't do it all at once, we didn't become addicted in one day, so remember — EASY DOES IT.

There is one thing more than anything else that will defeat us in our recovery, this is an attitude of indifference or intolerance toward spiritual principles. Although there are no musts in N.A., there are three things that seem indispensable. These are, Honesty, Openmindedness, and Willingness to try. With these we are well on our way.

We feel that our approach to the problem of addiction is completely realistic, for the therapeutic value of one addict helping another is without parallel. We feel that our way is practical, for one addict can best understand and help another addict. We believe that the sooner we face our problems within our society, in everyday living, just that much faster do we become acceptable, responsible, and productive members of that society.

The only way to keep from getting or continuing a habit is not to take that first fix, pill or drink. If you are like us, you know that one is too many and a thousand never enough. We put great emphasis on this for we know that when we use drugs in any form, or substitute one for another, we release our addiction all over again or create a new one.

The substitution of alcohol has caused a great many addicts to form a new addiction pattern, which in its progression brings as many problems as before. We seem to forget that alcohol is one of the oldest known drugs. It would appear that we are people with addictive personalities who are strongly susceptible to alcoholic addiction.

WHY ARE WE HERE?

Before coming to the fellowship of N.A. we could not manage our own lives, we could not live and enjoy life as other people do. We had to have something different and we thought we had found it in drugs. We placed their use ahead of the welfare of our families, our wives, husbands, and our children. We had to have drugs at all costs. We did many people great harm but most of all we harmed ourselves. Through our inability to accept personal responsibilities we were actually creating our own problems. We seemed to be incapable of facing life on its own terms.

Most of us realized, that in our addictions, we were slowly committing suicide, but such cunning enemies of life are narcotics and sedation that we had lost the power to do anything about it. Jail did not help us at all. Medicine, religion, and psychiatry seemed to have no answers for us that we could use. All these methods having failed for us, in desperation, we sought help from each other in Narcotics Anonymous.

After coming to N.A. we realized we were sick people who suffered from a disease like Alcoholism, Diabetes or Tuberculosis. There is no known "Cure" for these — all however, can be arrested at some point and "Recovery" is then possible.

In N.A. we follow a program borrowed from Alcoholics Anonymous. In the last forty years more than one million people have recovered in A.A., most of them just as hopelessly addicted to alcohol as we were to drugs. We are deeply grateful to the A.A. Fellowship for pointing the way for us to a new way of life.
